Concepts/Doctrine Development: Develop and maintain relevant and timely Human Resources (HR) and Financial Management (FM) concepts and doctrine for sustaining the Army. Coordinate and interface with other schools and centers to ensure that concepts and designs are approved to ensure responsive support within the sustainment footprint on the battlefield Organizational Development: Design, define, develop and create world-class HR/FM organizations relevant to the National Military Strategy (NMS) that are technologically enhanced, efficient, modular, rapidly deployable, flexible, and mission oriented. Implement the approval and resourcing of these designs through the Army's force development processes Material Requirements Determination: Identify and document material requirements for HR and FM current and future operational forces thus ensuring that new information technologies and material considerations are approved and integrated into concepts and designs

Title Combating Trafficking In Persons General Awareness Course (CTIP)
ID 00004073
Description This training deals frankly and candidly with the realities of trafficking in persons (TIP), which capitalizes on human misery and exploitation. To some people, being exposed to the details about trafficking in persons (TIP) may be considered distasteful. This TIP training addresses what some may see as an upsetting look at the realities of the problem. For all, that is the nature of the problem. This training is intended to increase everyone's awareness of that issue and to help serve to end it.
